discrete

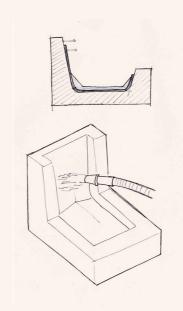

a harmonic balance between concrete & cotton.

Discrete is an indoor lounge chair made out of fiberglass reinforced concrete, combined with a subtle touch of fluidity, making a perfect balance.

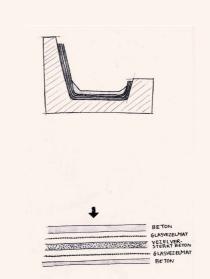

Bringing a soft touch into your house with a strong character.

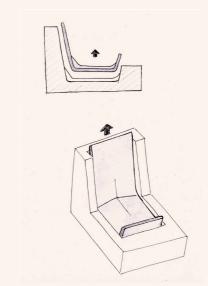

one ~ prepare the mold

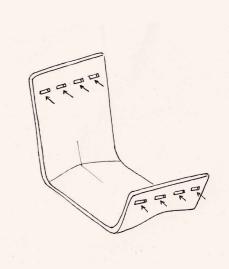

two ~ spray concrete into the mold

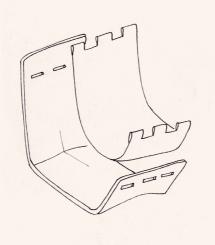

three ~ reinforce with fiberglass layers

four ~ remove the model from the mold

five ~ add recesses

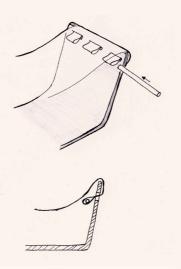

six ~ add cotton canvas*

composit fabrics

*reinforced with Dyneema

seven ~ put the loops through recesses

acht ~ attach loops to seat

nine ~ relax
